Your living room!
(Zoom)

[Click here to register](#)

Cost:
Free!

This virtual event presented in partnership with...

Exclusive Invitation!

Rural Alberta High School Teachers – we need your help!

Have any of your high school students (grades 9 to 12) expressed an interest in a helping profession, or working in a health career after high school? Have they demonstrated a compassionate and patient character with a desire to inspire the best in others?

We have a special invitation for them!

RhPAP is partnering with AHS – Talent Acquisition and rural health care providers to host our next “Let’s Go Rural – How Do I Get There?” virtual presentation!

Let’s Go Rural! – How Do I Get There: Allied Health
May 24, 2022 6:30pm to 8:00pm

A virtual conversation about individual experiences, personal journeys, and important information about the journey to health careers that can see these students *in the field* in as little as *two years out of high school*.

These jobs may be rewarding in and of themselves, or a pathway to other options, and include careers such as Mental Health Aide, OT/PT/SLP Therapy Assistant, and/or Respiratory Therapist.

Students will have the opportunity to:

- Hear from rural health care providers working in or with experience in these positions, who can talk about their journey and how they got there
- Learn what colleges might be looking for in an admissions application
- Connect with knowledgeable folks from Alberta Health Services in their Talent Acquisition team who can speak to what Allied Health is and why rural is the place to be.

This will be a free interactive Zoom session, targeted **only** to rural Alberta high school students. There are limited spots available, so encourage them to register soon!

[Click here to register!](#)

Registration deadline: May 23, 2022

Please note: *As there are limited spaces available for the entire province – please ensure you forward this opportunity only to students who you feel would have an expressed interest in careers like the ones mentioned above.*

Teachers: Please feel free to [register](#) as well to assist you with future conversations with your students exploring rural health careers!
