Principal's Report

Greetings everyone,

It is hard to believe that it is June already. We are in the final rush until the end of the year. Looking back at this year, I want to take this opportunity to thank all the volunteers who help put on all of the great events that we hold here at Warner School. We have coaches, parent drivers, and volunteers who put in hundreds of hours of work, helping our students have the best experience possible. Warner School wouldn't be the special place it is today without the support of our community and parent volunteers.

May was a full month filled with field trips, Grad, Track and Field, and our drama production "The Treasure of Huckleberry Ridge." We had four students qualify for Track and Field Zones. Aydin Herget, Isaac Pittman, Avery Pittman, and Jacey Cronkhite all qualified for Zones with strong performances at the district level. Zones for the Senior High are taking place as I write this, and Junior High Zones will take place on June 4 in Lethbridge.

On June 5, we will have our Arts and Athletics Celebration, where we will honor all the talented students and coaches who performed so wonderfully this year. On June 14, we will be holding our Last Class Bash during the last period of the school year. Parents are welcome to come and enjoy the fire trucks and a treat from SIPPs, a frozen treat truck that our Parent Council has graciously sponsored. Each student will be given their choice of treat from the truck.

Unfortunately, it isn't all fun in June. Provincial Achievement Tests and Final Exams for our Junior High students take place during the final week of the school year starting on June 10. Our High School Final Exams will take place during the week of June 17. Please check our website for dates and details.

As we close out the school year, I would like to take this opportunity to wish you all a happy summer. I have only been in Warner for a few short months, but it already feels like home, and I appreciate your kindness and support.

Sincerely,
Adam Hughes

Our K-7 took part in Science activities at the U of L Science Centre for the morning activity while our 9-12 had the opportunity to Wall Climb or attend CASA and create an acrylic painting.
